Dear Valued Customers and Fellow Cattlemen,

At Figure 4 Cattle Company our customers are our greatest asset. We strive to strengthen relationships with current customers and work to gain the business of other cattlemen by providing the best genetics possible. In that spirit, we sincerely thank many of you for your past business and invite you to our NEW SALE EVENT on a NEW SALE DATE

Figure 4 Cattle Company Fall Roundup Sale, December 18, 2007

Our Family has been producing Salers Cattle for over 25 years. For the first time ever, we have the opportunity to present our entire cow herd, herd sire battery and sale offering at one time and place. Figure 4 Cattle Company is one of the 5 largest Salers seedstock operations in the U.S. Over the past seven years Black Angus and Aubrac composites have added an exciting dimension to our program. Our vision is to produce the kind of quality proven genetics that our customers can take home to enhance profitability within their own herds. All of the Figure 4 Cattle sell with our guarantee that they are good breeders, sound in their structure and top quality. If we can provide you with any further information or pictures please do not hesitate to contact us.

In our business we are all busy year around. We hope you will give us an opportunity to share with you the results of the last 25 years on **December 18th**.

Happy Holidays,

The Volk Family

Benefits of Our New Sale Event:

- The ability to view and select cattle in a natural setting without the pressure of a live auction
- 2007 Weanling Bulls will be presented with their dam at side— what you see is the results of proven outcross genetics, milk and grass
- The ability to develop bulls and heifers in your environment or the flexibility to leave them with us to be developed until April 1, 2008
- The ability to see the genetics and the entire program behind the cattle you buy

The Figure 4 Cowherd was honored with 5-GOLD ELITE DAMS and 22 SILVER ELITE DAMS representing 12% of all the GOLD AND SILVER DAMS in the Salers Breed.

G468S -A Black Angus Optimizer bull with super growth and performance

W-751S -A polled thick percentage bull with great carcass numbers
